Our range include indoor, outdoor, illuminated or non-illuminated systems.

Our products are made of quality environmental friendly materials like: aluminum, acrylic, polycarbonate, and ABS.

We offer all fixing options, door, wall, free occupied, name plates, directories, suspending, projecting, desk stands, monolith (free standing), and paper flex for frequent changing. Our systems can be used in almost every sector, like health care, corporations, education, hospitality, governments, and retail.

Wide range of materials, and techniques of production.  
Use the available resources, starting with a simple printer, to any sophisticated production equipment.  
All will produce an elegant sign with our system.

Compatible with most types of Braille and tactile text.

We offer wide range of standard sizes, custom sizes are also available.

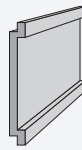

Simple to use, assemble, install, change, and modify.

Ask for your free sample, or check our standard sales kits.

Sold only to Sign Professionals.

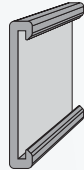

Our economical, practical and easy to use insert channel that comes in many standard and custom sizes.

Slider 3D view

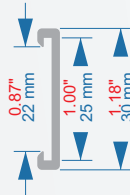

Front view

3D view

Optional locking headless screw to hold the insert

Insert size is always  $\frac{13}{64}$ " (5mm) less than overall size  
When using  $\frac{1}{64}$ " (0.5mm) thick material for Ea30 profile,  
and up to  $\frac{3}{16}$ " (1.3mm) for other profiles  
Viewed area is  $\frac{5}{16}$ " (8mm) less than overall size.

## Profile standard size up to 3m long ( 9' )

code	Ea30	Ea60	Ea90	Ea120	Ea150	Ea210	Ea300
mm	30	60	90	120	150	210	300
inch	1.18"	2.36"	3.54"	4.72"	5.9"	8.26"	11.81"

## Key Features:

Introducing Eco Post System Elevate your corporate identity with the innovative Eco Post System, where excellence meets sustainability. Our system is designed to deliver a diverse range of corporate signs, transforming your spaces into statements of distinction. Explore the possibilities with our customizable entrance facility names, directional signs, car park signs, street nameplates, directories, and more.

**1. Aluminum Profile System:** Crafted with precision, our signs utilize a robust aluminum profile system. This ensures durability and a sleek, modern aesthetic that aligns perfectly with your corporate image.

**2. Configurable Panels:** Tailor your signage to perfection with panels available in various sizes and configurations. Our flexibility allows for seamless integration of signs that align with your unique vision and branding.

**3. Eco Light System:** Illuminate your message with our Eco Light system, setting your signage aglow with brilliance. Create a lasting impression, even in low-light conditions, with our energy-efficient illuminated signs.

**4. Modular Design:** Embrace change effortlessly with our modular system. Add or subtract panels with ease, adapting your signage to evolving needs without the hassle of extensive installations.
